💼 Experience

Web Development Intern
Corizo Edutech | Noida, Uttar Pradesh, India   11/23 - 12/23
Gain hands-on experience in both front-end and back-end development while collaborating with a team to deliver high quality web solutions, refining skills in HTML, CSS, JavaScript, and various frameworks

Web Development Intern
Brassy Academy and Consulting | Tirunelveli, Tamil Nadu, India.   06/2024
This internship allowed me to enhance my technical expertise in frontend and backend technologies, including HTML, CSS, JavaScript, and modern frameworks like React and Node.js

💼 Projects

Restaurant Website   02/24 - 03/24
Developed a dynamic restaurant website using Flask, featuring a menu display, online table reservations, order placement, and email for data management, ensuring seamless user interaction and efficient backend processing.

Weather Monitoring System   04/24
Designed and implemented a system to predict current weather conditions and 5-day forecasts using APIs, integrating real-time data visualization and user-friendly interfaces.

Bank Management System   04/24 - 05/24
Developed a Bank Management System using Django, implementing features such as account creation, balance management, transaction processing, and user authentication to streamline banking operations.

My Portfolio Website   06/24 - 06/24
Developed a personal portfolio website showcasing my Front-End web development skills, including projects built using HTML, CSS, JavaScript

AgriFarm - E-Commerce Application   09/24 - 10/24
Developed a MEAN stack-based e-commerce platform enabling farmers to buy, sell, and access agricultural products and services with and a user-friendly interface.

FindIt: Your Ultimate Guide to Discovering Places, Dining, and Stays   10/24 - 11/24
Developed 'FindIt,' a MERN stack application enabling users to discover and explore places, restaurants, and accommodations with interactive features.
